BY CABO ADVENTURES

## CACAO

- Discover all the secrets of the delicious artisanal chocolate! Explore the fascinating cacao's rich history, its origin, use, benefits, and its journey from the ancient Mexican culture to its current form

## OH SHEET!

- We have created a fun, ecological, and original alternative for wood-based paper products. Oh Sheet! is the first sustainable paper plant in the region where our guests get to participate in the process of elaborating paper made out of camel dung to diminish deforestation and forest degradation.

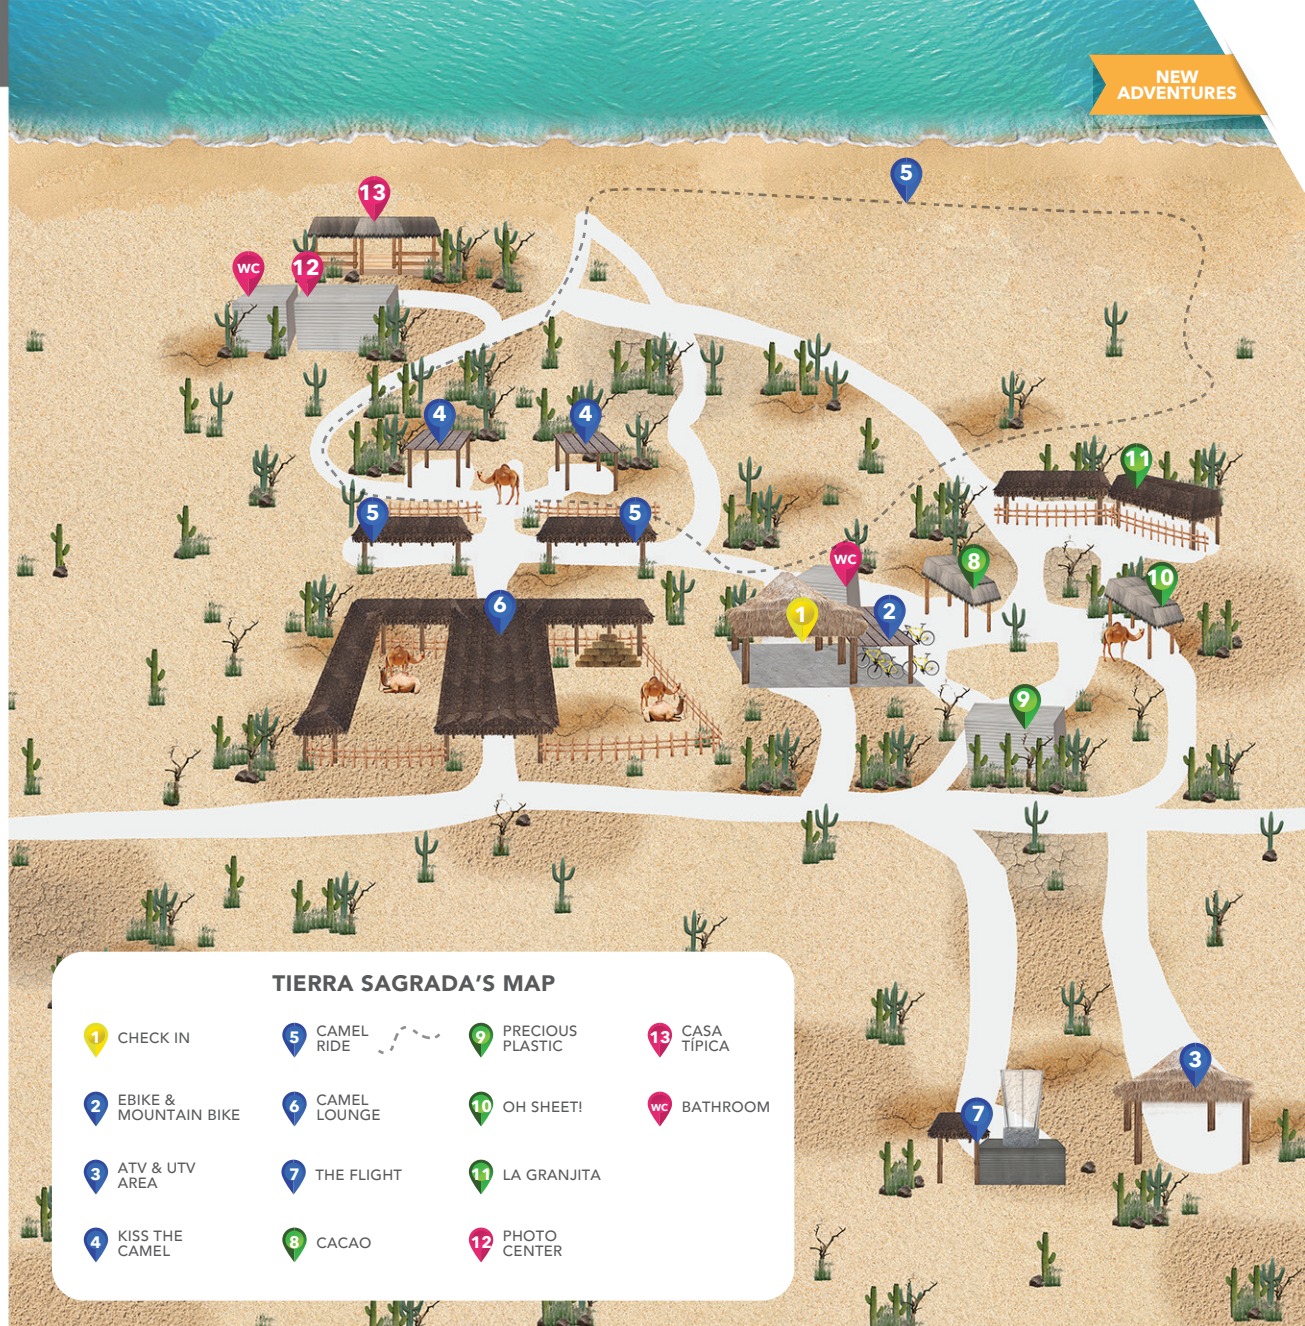

## LA GRANJITA

- A fun, educational experience for people of all ages where you get to interact with our cute farm animals and learn about the way they live, what they eat, and how they are cared for.

## PRECIOUS PLASTIC

- Introducing the first "hands-on" recycling plant exclusive to Tierra Sagrada by Cabo Adventures. This offers an interactive interactive plastic recycling experience for our guests by repurposing garbage into beautiful, functional pieces.

Situated in one of the largest, unpopulated, and pristine deserts in Mexico, Rancho "Tierra Sagrada" is located 40 km north from Cabo San Lucas, hidden away from bustling resorts and close to charming pueblitos like Cerritos and Todos Santos. Home to a wide diversity of native flora and fauna and a nesting ground for some endangered species such as the leatherback sea turtle, Rancho Tierra Sagrada hosts an untamed coastal desert and is a sanctuary for Cabo Adventures' Dromedary and Bactrian camel family. Tierra Sagrada - "The Sacred Land" - was named by prior habitants as a result of the energetic vortexes found at the location.

Rancho Tierra Sagrada by Cabo Adventures accommodates five different adventures that enable you to see, enjoy, and explore Baja's untouched natural beauty. A lineup of nature-inspired tours loaded with eco-educational exciting challenges and unique opportunities which are all part of the exclusively designed activities on offer. Discover the Baja Outback on a Polaris RZR UTV, ride along a virgin beach and cacti lined trails on a mountain bike or electric bike, experience a calming beachside camel ride, try Tequila tasting, or choose an educational nature walk where you'll learn all about the flora and fauna unique to this region.
